The [Patron Showcase](#) is made up of print ad space in the pages of our anthology as well as logo, links and info on our website "Patron Page". The anthology is a collection of member's writing and the winning entries in the Edward Milne Community School student writing contest. It is professionally printed and sold in local shops and various markets as well as online on our website.

SWC's main sources of income are membership fees (\$20 annually) and anthology sales. In the past we have also received small grants for group development from the Sooke Community Arts Council. With our Patron Showcase we hope to increase our connection to the community and local businesses while increasing our presence and being of service to writers and readers in the community.
